

## 19 Uses for Banana Peels (Including Curing Warts, Removing Splinters and Shoe Polish)

Categories : [General](#), [Homesteading](#)

Second banana post in a week... What's going on?

Well whilst writing the post: [How to Suture – Practise Stitching On A Banana](#) I stumbled across this post on 'Wise Bread' about 19 uses for banana peel and some of the ideas are actually pretty useful. Things like: shoe polish, soothing bug bites, curing warts, acne, and removing splinters.

I love reusing things (and hate throwing anything useful away) and I know a lot of you guys do too, so save a few banana peels and give some of these ideas a whirl.
