20 Springtime Uses For Vinegar

Categories: Homesteading, Self-Sufficiency

Chances are you've got a big bottle of vinegar in your pantry right now that you only use it as a condiment. Prized for thousands of years, this fermented liquid was discovered by accident when products like wine, beer, and cider spoiled, turning them sour.

The article from deniseinbloom shows you that using vinegar is not only money saving, but it is a
fantastic natural way to clean and take care of a large variety of household problems.
