

23 Items Under \$5 That Can Save Your Life

Categories : [General](#), [General Prepping](#), [Homesteading](#)

If you are a casual reader of prepping and survival books, or you watch TV shows like Doomsday Preppers etc, you'll probably think that you have to spend \$1000s on disaster preparedness and survival gear and supplies...

The thing is if you are clever, knowledgeable and creative you can effectively prepare for an uncertain future on a shoestring budget. For example, check out the post below which lists 23 items to stock up on, which could all save your life in certain situations.
