

27 Clever Alternative Uses For Kitchen Appliances

Categories : [Cooking](#), [General](#)

We love using appliances, foods, cleaning products tools and household and garden items for purposes they were not intended, in fact we have done so many posts in this area it should probably have its own category! Use the K.W.N search box and search for - baking soda - vinegar - cornstarch - Alker-Seltzer - home remedies - borax - toothpaste, and those are just the ones I can remember!

The link below contains 27 New clever ways to use some of your kitchen appliances. Some of these include - boiling food in the coffee maker, Crockpot/slow-cooker for baking bread and even cooking food in your dishwasher, which can be done as I saw the Mythbusters do it! Check them out below...
