66 Uses For Coffee Filters
It's GENUINELY Worth Getting Some Filters, Even If You DON'T Drink Coffee!

Basically you should pretty much just pick up some coffee filters next time you are at the store, EVEN IF you don't drink coffee... I had no idea disposable coffee filters could be so useful in the kitchen and around the home.

I really like the idea of using a filter to strain bacon dripping to remove all the bits. Using them as little disposable snack bowls for the kids is a great idea, especially now they are outdoors in the garden all the time. Check out the other 64 uses for coffee filters on the link below.
