7 Amazing Uses For Activated Charcoal

Categories: Homesteading

Activated charcoal looks like dirt, but it is in fact one of the most versatile natural products around...

You can apply it to cuts, wounds and bites, filter water, whiten teeth (hard to believe) and much more. It is definitely worth having some at home, very useful stuff. Actually, come to think of it, if you have some activated charcoal, vinegar and baking soda, you've probably covered just about every eventuality.

Check out the great post from Herbs & Oils World below for more information, including information on how to make an activated charcoal poultice for bites and cuts.

If you know of any additional uses for activated charcoal, comment below or on the Facebook page.
