

Amazing One Pot Tabbouleh Bread

Categories : [Cooking](#), [Homesteading](#)

My mouth is watering, this tabbouleh bread looks delicious, I want some right now! That crust looks amazing... Personally I have never baked tabbouleh bread, but that's probably going to change this weekend. Mint leaves, onion, garlic, tomatoes and olive oil, baked into your bread. What's not to love?

If you want to give this delicious looking bread a go, you need to head over to 'Parsley, Sage & Sweet' via the link below and check out their awesome post that includes the full recipe and mixing and baking instructions. Give it a try and let us know on the Facebook page how it turns out.
