Morel mushrooms cost a fortune at the store, often around $20 per pound... The thing is morels are widespread, easy to identify and great fun to hunt for, especially if you have young kids...

If you have always thought about foraging for these mushrooms, but you never knew where to start, today's your lucky day, as the link below contains an excellent tutorial on hunting for morel mushrooms. The best time to hunt for morels is from March to June, depending on where you live. Again depending on where you are located, you can find them earlier and later too, so it's always worth a look. If you don't find any, you still had a nice walk in the woods!
