

## **Camillus Les Stroud Signature Knife Collection (For the Les Stroud fans on the Facebook page)**

**Categories :** [Tools & Gear](#)

I ran a poll on [the Facebook page](#) today, the questions was: *You are lost in the wilderness and you can choose one of the survival experts below to be with you, who would you choose?*

Check out the poll for the various choices. Anyway, Les Stroud was the clear winner, so here is a nice video of Les Stroud talking about and promoting his Camillus knife range. It's actually a great video detailing the knives.

**You can check out the knives and some reviews, below on Amazon**
