DIY Wood-Fired Hot Tub For Less Than $100!

Categories: DIY, General

How To Build An AWESOME DIY Wood-Fired Hot Tub For Less Than $100! MUST SEE!

Thought you couldn't afford a hot tub? Think again! I love this DIY wood-fired hot tub, it might not be the prettiest, but it is probably the cheapest and easiest wood-fired hot tub you can make or buy. The whole project cost less than $100!

The little wood stove robot made from a gas tank is awesome, you can even stick a kettle or a pan and cook on it. I said it might not be the prettiest hot tub in the world, but do you know what? It really does have a nice DIY charm about it... Check out the tutorial and the other photos below.
