How To Build A Backyard Chicken Coop (Chicken Coop Plan)

Categories: Homesteading, Self-Sufficiency

(If you click on this image and again on the next page, you will get a nice big version)

Thinking of getting some chickens? Here is an excellent plan from the folks at the Tangled Nest for building your own coop. It lists tools, materials, time and costs. This coop is suitable for 3-5 hens.

If you head over the Tangled Nest website, they have loads of information and actual photos of building this coop for real. Also whilst there, check out some of their other excellent articles and tutorials!
