

How To Buy A Shipping Container

Categories : [DIY](#), [General Prepping](#)

Due to TV shows such as Doomsday Preppers and Armageddon Outfitters etc, there has been a huge boom in the sale of used shipping containers. Preppers everywhere are snapping them up and burying them in their backyards... Problem is the used shipping container companies have cottoned on to this and the price for a used shipping container has now gone through the roof.

Below is an excellent tutorial which explains how to go about purchasing a used shipping container. There is loads of advice on regulations, which types of containers to consider etc. Best of all there are a couple of tricks listed that can enable you to get a jump on the competition and bag a shipping container on the cheap. Click the link below to find out more...
