How to Field Dress a Rabbit

For most reading this article, food is readily available on nearly any street corner. Securing our next meal takes very little thought, effort, and time. The hunter-gatherer spirit inside each of us is slowly vanishing and so are the important self-reliant skills associated with hunting, gathering, and preparing our own food.

These skills sustained our ancestors for millennia before us, and now, in our modern society, are almost nonexistent. Click the link below to see how to field dress / get a rabbit ready to eat, pictures and a video.
