How To Grow Herbs In Containers

Categories: General, Growing your Own

Time and time again I hear people saying - I love the idea of growing my own food, but I just don't have the space to grow anything at home... Well the one thing everyone has space to grow is herbs! And the great thing about herbs is that when you use them, you don't use large quantities. This means that almost anyone can grow enough herbs at home for their family, no matter how small their home is.

If you want to give gardening a go this year, check out the tutorial below on how to grow herbs in pots and containers. This is something you can involve the kids with too, as they will love getting their hands dirty and seeing the herbs growing in the pots.
