If you find yourself in a survival situation and you run out of food, it's a good idea to keep a handful of pre-made wire snares in your survival pack or Bug Out Bag just in case you may just have to trap wild game for food.

For just a few dollars, you can buy enough supplies to make 10+ pre-made wire snares to stow away in your survival packs and kits, or make lots and give them to your friends and family. You only need 2 items to start making snares. Both can be picked up at pretty much any local hardware store.
