How To Make Homemade Laundry Soap (cheap & gets the job done)

Categories : Homesteading

Laundry detergent isn't cheap, hey what is cheap these days... Everything seems to cost a whole lot more than it did a year or two back....

Anyway before I go off on one, here is a recipe (with instructions) showing you how to make frugal homemade laundry soap. It is super cheap to make, you can get everything you need from the local store and do you know what? This laundry soap works really well. When I was growing up my Mom used to make her own laundry soap and it was almost identical to this one. We used to get really dirty and no one ever told us our clothes weren't clean.
This laundry soap is cheap, easy to make in bulk and it gets the job done. Give it a try!
