Categories : [General](#)

The constant pursuit to make coffee at home that tastes as great as it does from your favorite coffee shop... You can literally spend \$1000s on this pursuit!

If like me you don't have \$1000s or even \$100s to spend on coffee makers and other equipment, I am going to show you how you can roast your own coffee beans for between \$0 -\$20. If you already have an appropriate hot air popcorn popper, this is going to cost you nothing! If you need to purchase one, the [West Bend Air Crazy Corn Popper](#) used in the tutorial costs just [\\$20 on Amazon](#).

You might want to read the updated post on this method. Mr Homestead encountered an issue with his original corn popper, which may or may not have been a one-off. If you are concerned about this, he now recommends the [Wabash Whirley Popcorn Popper](#), which is a simple stove-top corn popper which costs \$26. Either way you will save an absolute fortune over purchasing coffee roasting machine.
