How to Siphon Gas Properly If SHTF

Categories: General Prepping, Self-Sufficiency, Urban Survival

Knowing how to siphon fuel is an important skill to have in a SHTF scenario. We've all seen it in the movies, guy sucks on the end of a hose and gas comes pouring out. But how exactly is it done? It is actually harder to get it right than it looks.

I found a great article that shows you step by step, how to get gas from any vehicle, with a gas tank. This link below will show you how.

How to Siphon Gas Properly If SHTF
