How to Store Fuel Long Term

Categories: General Prepping, Homesteading, Self-Sufficiency

Fuel is one of the most important things that you can use in an emergency. Whether it powers a car, generator, or stove; you’ll need to make sure that your fuel is ready for when you need it, if stored wrong it won’t last more than 12 months.

Handle all fuels with care. Remember that all of these could light at a moment’s notice. There are a few things to consider when you are planning to store fuel for a long time that you can see by clicking the link below.
