“Mud Spuds” – Clay Baked Potatoes

Categories: Cooking, Wilderness Survival

Twice I have been out camping, having taken some potatoes with to bake in the camp-fire, only to discover I had forgotten the tinfoil. How frustrating...

If you are ever caught short like I was, or even if you just fancy baking your spuds in a novel way, check out the post below by Survival Tek which explains how to bake the potatoes in the campfire by encasing them in clay. Encasing the potatoes in clay protects them from burning and also helps to evenly distribute the heat.
