The Best 110 DIY Tips From The Last 110 Years

Categories : DIY, General

We do loads of DIY posts on K.W.N, mainly low cost DIY projects that most people can do at home without needing a whole range of expensive equipment or professional skills.

Today we have an awesome resource to share with you! Popular Mechanics is celebrating its 110th anniversary and to mark the date they have gone back through their archives and found the best 110 best DIY tips, tricks and hacks. If you are into DIY, you have just got to check this out, some of these tips are genius... I especially like the emergency adjustable wrench made from a bolt and two nuts, so simple yet so clever. Check out the other 109 DIY tips below.
